

Fuel consumption and CO₂ emission of passenger cars																			
Make Model Version Fuel Gearbox NOx emission (g/km)	MG ZS Hybrid+ 194 AUT Comfort Winter Pack ALU17 Carplay MG Pilot Keyless LED Hybrid Petrol Automatic 0																		
Fuel consumption measured according to official test cycle CO₂ emission measured according to official test cycle CO ₂ is the greenhouse gas that plays the most important role in global climate change.	0 l/100km 0 g/km																		
CO₂ emission compared to the average of all models (with the average being 139g/km CO ₂)																			
The diagram shows a horizontal scale for CO₂ emissions in g/km. The scale starts at 0 and increases in increments of 30 up to 240. Each value is placed above a colored rectangular block. The blocks are: 0 (dark blue), 90 (dark green), 120 (green), 150 (light green), 180 (yellow), 210 (orange), and 240 (red). The blocks between 90 and 240 are labeled with letters A through G respectively. A black triangle points upwards to the 0 mark. <table border="1"> <thead> <tr> <th>CO₂ (g/km)</th> <th>Class</th> </tr> </thead> <tbody> <tr><td>0</td><td></td></tr> <tr><td>90</td><td>A</td></tr> <tr><td>120</td><td>B</td></tr> <tr><td>150</td><td>C</td></tr> <tr><td>180</td><td>D</td></tr> <tr><td>210</td><td>E</td></tr> <tr><td>240</td><td>F</td></tr> <tr><td></td><td>G</td></tr> </tbody> </table>		CO ₂ (g/km)	Class	0		90	A	120	B	150	C	180	D	210	E	240	F		G
CO ₂ (g/km)	Class																		
0																			
90	A																		
120	B																		
150	C																		
180	D																		
210	E																		
240	F																		
	G																		
Year of application Test procedure	2019 WLTP																		
A guide to fuel consumption and CO ₂ emission with data for all models of new passenger cars is available on the website "energieverrekeners", www.schoneauto.be . In addition to the fuel efficiency of a car, driving behaviour and other non-technical factors also determine the fuel consumption and CO ₂ emission of a car. Regular and good maintenance of the car in accordance with the manufacturer's instructions also promotes a reduction in fuel consumption and CO ₂ emission. See the Royal Decree of 5 September 2001.
